VULCANIZED RUBBER COATED PIPE!

This pipe is two layers of pure rubber, both from the outside and inside each layer being vulcanized on. The outside is unadulterated rubber, as in sale size, does not rust, crack or peel, thus making it the most durable and perfect pipe to use for conducting water.

It has been used for years in many cities where it has been thoroughly tested, and has proved the most perfect pipe for conducting water.

It is not to be confounded with other pipes called or advertised as "Rubber Pipe," which are only cloth pipes saturated or chemically united with other substances.

After a careful examination of its merits, it has been adopted by the

BANGOR WATER BOARD,

for the water pipe, as well as by Water Boards in other cities.

A large assortment of Rubber Goods, and Fire Hose and Belting, also Rubber Hose, Hose Pipes, &c., for sale by the

THE DISTRICT NOMINATION

The telegram from Hon. H. M. Plaisted was received late last night, probably having been delayed on account of the rain storm, and gives us great pleasure to lay it before our readers, especially those of Democrat proclivities who have been so severely and confidently told that the action of the Convention in this general expression of the sentiment of the party to which he belongs, and also of that portion of the Republicans who prefer that party should be ignored, and set aside as that party and its principle above every other political obligation.

To the Whig and Courier:

WASHINGTON, June 23.

I congratulate you upon the unanimous and cordial support of the Democratic Convention to our fellow citizen, Hon. Eugene Hale. Democrats will do their duty, and I hope Republicans will do theirs. Hale's nomination is a good one, and I believe he will be elected.

H. M. PLAISTED.

DEMOCRATIC ECONOMY

The performance of the Democratic House of Representatives in slashing the Army Appropriation bills, and thus reducing the salaries of the staff officers of the army, is probably the first instance in the history of the world that extravagance has been curtailed by a party in power. Democratic party is responsible for the expenditures of the Government, and it is the duty of the Democratic party to show that it can reform abuses and practice economy. It is a good sign that the Democratic party has begun the work of retrenchment, and it will become a habit. The vote last year of the public expenditures, let alone the Hon. Fernando Wood, and all the other members of the Democratic party, will prove to show the country how much faith is to be placed in the professions of the Democratic party, and what sort of an administration we might expect from politicians capable of the stupendous folly of literally giving away hundreds of millions of the taxes.

The Commercial of last evening gave all other contents of the paper, yet it knowledge the goodness of that which supply it with editorial matter possessing sparkling novelty, prudence and sterling Republicans as well as to Mr Powers the Congressional nominee of this District. His statement is as bold of truth as an apple of hair, and we assure the learned journalist that these gentlemen do and will support Mr Powers. The Districts in the temper and shape to give the Democratic nominee (not yet named) the customary thrashing next September. If the *Commercial* is expecting and trying to help on defection in the Republican ranks, it is making one of its usual mistakes. The enthusiasm with which Mr Powers nomination was made unanimous and which greeted him as he was called to address the Convention and the general satisfaction with which that nomination is received in this city and county ought to teach the Democracy that there is no occasion for deluding themselves with a hope of creating any disturbance in the Republican ranks. The Republicans of this District are not yet ready to make an addition to the rebel element now in the House of Representatives.

"Omens argue nothing, but are suggestive, especially the one embodied in the fact that on Friday evening as the Republicans of Albany, N. Y., were firing a salute the fast mail train howled along with the car "Governor Hayes" leading the car "Governor Tilden."

POLITICAL AND PERSONAL.

The Bristow Clubs of Chicago, numbering over thirty five hundred members, have wheeled into line and without an exception have become Hayes and Wheeler Clubs.

A wrecker of railroads and a political huckster, is what the eloquent Voorhees calls Hill.

Ben Hill is said to have excited with brimstone emphasis, when he heard of the Cincinnati nomination. They've got us again.

Hill charged Tilden's election, review of the Cincinnati Convention with this paragraph: "The universal popular approval with which the nominations are received from Maine to California proves that the Convention could not have failed to be the most representative political Convention ever held in the United States. It was the largest, longest, most exciting and most recorded to the conclusion and attended the best temper and most worthy of political victory."

He [illegible] Hendricks and concludes is the [illegible] to the ticket, and [illegible] to keep it there.

Colonel Cobb [illegible] the Convention [illegible] to be a respectable candidate [illegible] the Democratic party of New York will in November [illegible] the Republican party.

[illegible] Hendricks [illegible] Berlin [illegible] probable that the ticket [illegible] will be [illegible] Republicans [illegible].

FIFTH CONGRESSIONAL DISTRICT.

PROCEEDINGS OF THE CONVENTION

Hon. Eugene Hale Renominated.

FOR ELECTOR, HON. SETH L. MILLIKEN.

FRYEBURG, June 23. The Fifth District Republican Convention met here today with two hundred and twenty-two delegates present. Geo. W. Kimball, Jr., of Lewiston was made President and M. N. McKusick of Cutts and Henry Russell of Portland Secretary. A resolution was introduced by delegate from Waldo Co. to the effect that the Congressional nominee ought to be taken from that county. Several others had nominated for Congress. After some debate the resolution was rejected by a large majority. Hon. Eugene Hale of Ellsworth was renominated for Congress by acclamation, the votes to fifty-one for Hon. Seth L. Milliken of Belfast. Mr. Milliken then gave it that he could not be made unanimous and in a terse speech pledged his best efforts for the election of Mr. Hale. The nomination was made unanimous and Seth L. Milliken was nominated by acclamation for Elector. Mr. Hale addressed the Convention, which then adjourned amid great enthusiasm.

House

The House at 11 o'clock and immediately went into Committee of the Whole, Mr. Blackburn of Ky. in the Chair, on the annual civil appropriation bill. The question being on the pending amendment to increase the appropriation for appraisers stores at San Francisco from $8,000 to $10,000. It was rejected.

The next paragraph was one appropriating $21,000 for the continuation of the State, War and Navy Department.

Mr. Harris moved to amend by striking out the appropriation to $750. He thought that the speedy completion of the building was essential for the safety of the records and valuable papers, which were now stored in unsafe buildings which the Government rented at an immense cost.

Mr. Randall explained that in addition to the amount appropriated there was $60,000 of previous appropriations available. After some discussion the amendment was rejected. The committee then rose and at 11.50 the session of yesterday was formally closed and 12.10 o'clock the session of to-day was commenced.

Mr. House of Tenn. from the Committee on Elections, called up the Mississippi case of Chalmers vs. Lynch and reported a unanimous resolution of the committee unseating L. W. Blackett the sitting delegate and seating S. S. Lynch entitled to his seat. The resolution was agreed to and S. S. Lynch was sworn in by the speaker.

Mr. Harris, of Va., from the same committee, reported an unanimous resolution declaring Joseph H. Rainey, sitting member, entitled to his seat from the district of South Carolina. Adopted, also a similar report in the case of N. B. Strait from the 2d district of Minnesota. Adopted.

The Sundry civil appropriation bill was under consideration until 1.30 this (Saturday) morning, at which hour the House had not adjourned.

NEW HAMPSHIRE

Mr. Ordway of the House of Representatives denies published charges against him

CONCORD, June 23. In the House this forenoon N. G. Ordway, of Warner, rose to a question of privilege to make a personal explanation relative to certain newspaper charges against his official conduct while Sergeant-at-Arms of the House of Representatives. He asked to have read two article of that character which appeared in the Boston Journal of yesterday. The clerk read the articles which were to the effect that the real-estate pool committee at Washington had developed the fact that Mr. Ordway had compelled colored men in his employ to pay him a percentage of their pay. He read a receipt from one of these colored men, showing that he had received his pay in full from Ordway. He intimated that he might be obliged to go to Washington before this session closes to defend himself before a committee. He denied into all wrong-doing in this matter, or any other in connection with his office there.

A Mild Winter

COPENHAGEN, June 23. The Government has received advices from Upper Navik, the most northern Danish settlement in Greenland, to March 31st, which state that the winter there has been mild. No communication north of Melville Bay had been had since autumn, so there was no news from the British expedition under Capt. Nares.

CLYDE'S COMMITTEE.

The telegrams to Caldwell—A former confidential clerk the author of them.

NEW YORK, June 23. The Herald publishes a letter from James C. Reed, formerly Josiah Caldwell's confidential clerk, but now only his friend, saying he is the party who sent to Caldwell from Philadelphia the Pavo telegrams. He explains that after the publication of Scott's testimony he called upon the latter and was shown Caldwell's telegram corroborating Scott's evidence. Reed then proposed to telegraph Caldwell to the amount of $250 explaining the latest situation and suggesting the telegram to Proctor Knott. Scott refused to bear the expense and declined to have anything further to do with the matter. Reed then at his own expense and of his own volition sent the Pavo telegrams. The word Pavo is explained as a cipher word, conveying the full address and signature to the message. Reed says the word is on record in the Telegraph office and the question of the clerk as to his name and address was superfluous, and was answered accordingly as that could be learned by consulting the books.

Reed concluded: How Mr. Blaine learned that Mr. Caldwell had cabled the Committee I don't know. He certainly saw for the first time letters of the kind on the night of the delivery through me transcribing the longer Pavo despatch originated.

Col Scott again on the Stand—He Corroborates Reed's Statement

WASHINGTON, June 23. The Judiciary Committee this morning examined Col. Thomas A. Scott through Mr. Barnett in relation to the Caldwell telegrams. He testified that he sent a despatch to Josiah P. Caldwell on the 21st of May, thanking him for the worship his testimony before the Judiciary Committee.

He knew nothing about the two messages that were sent to Caldwell from Philadelphia exculpating the young man who with his name is Reed representing himself as private secretary to Caldwell, called upon him and showed him a despatch which he desired to send to Mr. Caldwell which would exculpate Shipp and that witness to aid him in securing it. Witness declined and Reed said he would cut the despatch down and send it himself. The despatch was similar to the one received by Knott from Caldwell, but witness thought it was not the exact words. Witness had never seen Reed before and was little suspicious about the despatch which he himself received from Caldwell and sent over to the telegraph office to be verified, and learned that it was the genuine despatch sent from London. Witness identified his own signature to the letter containing a statement of this matter, which was received by Knott last Wednesday.

MR. BLAINE

He is Reported to be Still Quite Ill

WASHINGTON, D. C., June 23. Mr. Blaine's condition is unimproved. He remained in bed during most of the day. Although his physicians advise his early departure from the city he has not been decided that he is able to travel yet, nor when it would be best for him to go.

NEW YORK CITY

Off for St. Louis

NEW YORK, June 23. Mayor Wickham started for St. Louis yesterday morning. With him went August Belmont, Manton Marble, ex-Judge James C. Spencer, Mr. Henry Havemeyer, Corporation Counsel Whitney, Peter B. Olney and Col. Thomas F. Sneed. They are all supporters of Tilden.

One hundred and eighty of the men who are going to St. Louis to work for Tilden started for that city last night on the Pennsylvania Railroad. Among them were old guards from the Young Men's Democratic Club and Martin Kilbourne, Sachem for Tammany. James Daly and Manager Power of Tammany paid a special train of 300 strong with art to night in a train of Pullman decorated prize cars, to which the two locomotives were hitched. The Alderman expected to be nominated on both sides by partisans of both. Eight of the four and twenty cars in the train were claimed for Tilden.

THE INDIANS

A Sharp Fight in which the Indians were Beaten

OMAHA, June 23d. The following has just been received at Department Headquarters from Capt. Nickerson and Gen. Crook, dated Camp South Cork, Tongue River, June 11th, via Fetterman 23d:—We had a sharp fight on Rosebud Creek on the morning of the 17th inst. Losing several hours. Our losses 9 men killed and 21 wounded. Capt. Henry of the 3d Cavalry was the only officer hurt. He is severely wounded in the face. We won the fight and camped on the field. The Indians made the attack and had a force they no doubt believed sufficient to whip the command. A private despatch states Gen. Crook had a horse shot from under him during the engagement.

SOUTH CAROLINA

The World's Say So.

NEW YORK, June 23. The World's Charleston special says Senator Patterson and Gov. Chamberlain have formed a coalition by which the reform movement inaugurated by the latter is to be broken up. Patterson's interest is the redemption of what is known as the Blue Ridge Scrip and the conversion of the bonds of the State. Chamberlain is to be re-elected Governor and after securing the redemption of the above mentioned securities he is then to be sent to the United States Senate and the colored Lieut.-Governor will become Governor. Patterson is largely interested in the Blue Ridge scrip and other bonds which are all to be refunded under the bargain into a new bond to be issued by the State.

Horrible Atrocities in Bulgaria.

From 15,000 to 30,000 People Murdered.

WHOLE VILLAGES BURNED UP.

TERRIBLE MURDERS AND CRUELTIES

LONDON, June 23. The News this morning publishes a letter from its Constantinople correspondent dated June 10, giving the details of atrocities committed in Bulgaria during the insurrection and which still continues by Turkish irregular troops. The writer says all moveable property has been plundered, houses and villages burned and old men, women and children indiscriminately slaughtered. It is estimated that the province which heretofore yielded to the Government an annual revenue of $3,000,000 will not pay one-quarter of that sum this year or for years to come. Various estimates place the number of lives sacrificed at from 15,000 to 30,000. The correspondent mentions thirty-seven village known to be destroyed. Among the refugees the number of whom is very small the children girl over ten years of age. In the village of Batsulitza, district of Philippopolis, 1,500 persons are known to have been killed. It was a village of 400 houses and was prosperous and peaceful. Every house was burned and all the inhabitants killed except a few women and children and some women who were carried off by Basil Bizouks (the irregulars). The atrocities have made a great impression at Constantinople. The English Ambassador has intervened with the Government to put an end to them.

Army Movements

LONDON, June 23. A special from Vienna published in the second edition of the Times to-day says: According to intelligence received from Belgrade, an order for the mobilization of the first contingent of the service militia has been issued. The brigade is to assemble in readiness to march tomorrow. Next week another order will be issued for the mobilization of the second contingent. At the end of the week the army is to take its stations, leaving the position of the frontier. At the same time Prince Milan is to issue a manifesto to the people and proceed to the army. As the fortifications attack Pirsney is still disarmed, the Servians may be treated as a demonstration and prepare to promote the diplomatic success of M. Ristic, Servian Minister.

During the evening a squad from the Chamberlain given an exhibition of the drill and manual of the Jamestown's gave an exhibition drill. The amount of drill and exercise. The ladies presented the officers of the visiting company with beautiful bouquets, which they accepted with the utmost politeness and gallantry. The entertainment was very pleasant and enjoyable. At the close refreshments were served for the company.

ORDINATIONS.—Warren F. Bickford, a graduate of Bowdoin College in 1872, and Bangor Seminary, 1876, was ordained Pastor of the church in Winthrop June 20th. Sermon and charge by Rev. Professor John S. Sewall of Bangor, Ordaining Prayer, Rev. H. J. Harding of Hallowell, Right Hand, Rev. H. V. Lummus of Hallowell, Address to the People, Rev. J. H. Hawes of Litchfield. The church was organized 100 years ago and for 11 years the late Rev. David Thurston was Pastor. Osgood W. Roger of the same class in Bowdoin College and Bangor Seminary of Mr. B., was ordained pastor of the Congregational church in Farmington June 21. Marden now in Europe, four years.

NICK OF THE WOODS.—A good audience was drawn to Norombega Hall last evening, to witness the presentation of "Nick of the Woods, or the Jibbenainosay," in which Mr. Joseph Proctor takes the title role, and is supported by one of the best companies that has visited our city in a long time. Mr. Proctor needs no introduction to our people as his powerful renditions have been witnessed by them heretofore. In the play he showed some very excellent acting indeed, and among others of the company, who afford him valuable support, are Misses Fanny Marsh, Lizzie Hunt, (of the Boston Theatre,) Emma Reynolds, Lizzie May Ulmer, Clara Drinkwater, Messrs. Frank Curtis, E. W. Beattie, H. L. Bascomb. In act third, a scene known as "the cotton scene" is especially fine, and all who appreciate a play put on in good style cannot fail to be pleased with the efforts of this company. The farce which closed the entertainment last evening, was one of the most mirth-provoking. A good orchestra made up of musicians from the Bangor Band, led by Mr. Gilmore, of Portland adds to the other attraction. This afternoon a matinee will be given, and the price of admission will be put at 25 and 15 cents. The same piece will be given this afternoon and evening, and the company certainly deserve a full house.

FROM LAST COUNTY.—Mr. Lutter's Our Carcass Factory commenced operations June 7th under the charge of Mr. A. J. Dyer assisted by Mr. Geo. H. Young, both of whom held the same positions last season very acceptably.

The amount of milk received the first day was 1,325 pounds, the quantity received has increased gradually every day since and to-day the amount was 3,062 pounds, the whole amount received up to and including to-day, is 34,007 pounds.

The number of cheese made the first day was 13, whole number made for the sixteen days the factory has been running is 73, average per day, four and a half average weight of each cheese 70 pounds.

The wet weather which has held the last two or three weeks has been good for the grass and the farmers are now that we shall have a good crop of hay and feel quite encouraged.

Many of the Republicans of the town will gratefully drop a ballot for Mr. Blaine to be elected for President, but of course they will accept the situation and go in with a will for Mr. Hayes.

HIGH SCHOOL GRADUATION

A Crowded Hall—Successful Exercises

The attendance at the graduation exercises of the class of 1876 of the High School at City Hall last evening were very large, every seat in the hall being filled to its utmost capacity, many being obliged to turn away without gaining admittance. The decorations would first attract the attention of the entering the hall for they were very tastefully elegant. Festoons of red, white and blue met at the center of the hall and from festoons over each of the clusters of flags, and round the side of the gallery. There was an elegant display of beautiful flowers on the stage and in the hall a delicate one hung in basket suspended from the centre of the hall.

The exercises began on the stage promptly at half past seven. The young ladies with their exquisite dresses in white. The following was the programme of the exercises:

Normal Hall was most beautifully decorated for the occasion. The blackboards were ornamented with tasteful designs and pictures drawn by students, under the direction of the teacher of drawing. Evergreen trimming and flags festooned the sashes and extended from the corners to the central chandelier, while the walls were ornamented with wreaths and pictures. Bouquets of flowers occupied either end of the long platform, which tastefully arranged, and hanging vines were tastefully arranged about the room.

Great credit was due to the students from Bangor as well as others for the beautiful appearance of the Hall.

Our readers in Eastern Maine will be grateful to know that this has been a year of unexampled prosperity and advancement to this school, and should there be a full session of members during the coming school year it will be ill to its active participants.

Decision in Law

THE STATE TAXES—WHO IS AN INSURANCE COMPANY—SUCCESSFUL DEFENSE

The decision of Justice Fox in the case of Bank vs. the Assessors of Bangor, involving the validity of the assessment of the Bangor Savings Bank for the year 1875, was given in favor of the Savings Bank. The case was tried before the Justice without a jury, and was argued by Messrs. Wilson and Wheeler for the Bank, and by Messrs. Wilson and Wheeler for the Assessors. The question was whether the Bangor Savings Bank was an insurance company, and whether the property of the Bank was liable to be taxed. The Bangor Savings Bank was incorporated by the laws of Massachusetts, and the amount of its capital stock was $100,000. The Bangor Savings Bank was duly organized and commenced business on the first Monday in November, 1875

Concerning the study of German in the public schools, *The National Teachers' Monthly* says: "The common-school course, with wonderful uniformity, averages eight years—that is, children spend eight years before passing into the high school. It is during the last four years of this course that German should be studied, and it may be continued in the high school if so desired. During this time it should be compulsory in common with vocal and industrial drawing, but the taking up of the study at the beginning of the period may be left optional with the parents of the pupil. To a student of German, during the eight years of grammar and high school life, the language is more than his mother tongue—it is scholarly acquirement, an educational force. Teachers of German, as a rule, should be of American birth or rearing. The most successful me thods of German descent, born in America or coming here when young, in whose home German is freely spoken, and who have been so educated in English that our tongue is as familiar to them as that of the German language. Introduced under the above-mentioned conditions, German instruction will prove of advantage far beyond its cost or even its utilitarian value. What is said of German will apply with equal force to French in localities where the latter is the preferred language." The same publication also says—and very wisely—"All the sciences in the primary school. To what end? 'To the end that a broad foundation be laid,' says the theorist, mistaking quantity for quality. Now we submit that a broader, a more solid foundation is laid for the superstructure of the higher branches by being thorough and accurate in the elementary studies than in any other way, that the best foundation for higher mathematics is rapidity and correctness in the rudiments of arithmetic, that the best foundation for history, rhetoric, literature, and the languages is the ability to read understandingly and with expression, and the best foundation for physics is thorough knowledge of the elements of an English education. Such work is best expressed in the word schooling, but in an evil day the word education, educator, and educationist came into vogue, and the honest English word schooling was brushed aside, and with it too much of the honest work which the term implied."

WEEKLY COURIER.

CAMPAIGN EDITION

For 1876.

To be issued Three Months, beginning June 23d, and closing September 15th.

A NEWSPAPER FURNISHED AT LESS THAN COST.

In compliance with requests by many leading Republicans and with a desire to promote the dissemination of Republican principles and to aid in insuring the most emphatic Republican triumph in the approaching Presidential election, the Proprietors have decided to furnish the WEEKLY edition of the WHIG AND COURIER for the three months during the Campaign at a price hardly covering the cost of the white paper. The first number of the Campaign WEEKLY COURIER, which is made up with the latest telegraphic and other news from our Daily, will be issued June 23d, immediately after the opening of the Centennial celebration by the National Convention at Philadelphia, June 14, and the Republican State Convention in Bangor, June 22, and the first number will be found September 15th, with a report of our state election.

The edition will comprise thirteen weekly numbers of the largest paper published in the State, each number accompanied by a two-page supplement, and will be furnished to new subscribers only at the following low rates:

One Copy, sent Postage paid, 35cts,

EXTRA INDUCEMENTS TO CLUBS.

Three Copies to one address,	$1.00
Ten Copies to one address,	3.00
Twenty Copies to one address,	6.00
Fifty Copies to one address,	14.00
One Hundred Copies to one address,	25.00

We have determined to offer the Campaign Courier at this low price solely with the object of bringing to the attention of those who do not now take any Republican paper, the correct information upon which a sound political judgment should be based, and the merits and claims of the doctrines and principles which we advocate.

The coming Campaign will be one of the most important in our National history, and promises to excite more popular interest in its results than any previous contest. It is already to appear that most prevarication, calumny and sensational reports will be freely employed to deceive the public, and it is essential that reliable and trustworthy information should be most widely circulated to counteract such misleading influences. Every citizen should keep fully posted concerning public affairs during the progress of the Campaign, and the WEEKLY COURIER, with its forty-eight columns, principally devoted to current news, will prove a most desirable compendium of information to be put in the hands of every voter.

Send in Subscriptions at once.

The Republican Town Committees and all other citizens who are interested in the success of the Republican Cause are invited to render practical and valuable aid by taking prompt measures for placing the Campaign edition of the WHIG AND COURIER in the hands of every voter who is not now a subscriber. The price is merely nominal, and the efforts of two or three earnest Republicans in each town can readily insure a general circulation of the paper among the voting population.

In politics the papers will continue to advocate and uphold the principles of the Republican party, while claiming to be independent, in the high sense and best sense of the word. Fearless and outspoken in the treatment of all public questions and firmly maintaining what they believe to be *right,* they will avoid intolerance and make their appeal to the intelligent rather than to prejudice. The year also is to open with the fruitful of unusually important political events bearing upon the future of our country, and unprecedented interest will be excited in the

The celebration of the Hundredth Anniversary of our National Independence will attract attention upon a magnificent scale and the public will desire to be kept fully informed of the progress of these great events.
